titrations on M2D8 Talk

Announcements

- No lab next T/W! → OH by appt on W
- FNTs available for pick-up on Tue
- Notebooks due today!
- Taking a holistic view of M2 data
  - Present logically, not always chronologically
  - What assays are related?
  - Where can you provide added context?
  - How can you go deeper?
- Close context loops
  - Motivate in introduction, revisit in discussion

Today in Lab (M2D8)

- BioSafety lecture

- Analysis
  - Excel view: raw data; replicates; out of the black box
  - MATLAB view: more precise parameter estimates

- Parameters of interest? Why?
